BUNNY BURROW CARD GUIDE

# HELLO FRIENDS!

The Bunny Boss, Klaus, has created this special offering for humans designed to guide us to connect with the divinity in each of us through the lens of mighty house rabbits.

With 100% love and Bunny Magic leading the way, Klaus channeled the wisdom of his bunny ancestors and comrades to share with us in the form of Bunny Burrow Cards.

# THE BUNNY BURROW CARD DECK

Each Bunny Burrow Card features a house rabbit sharing an example of various suggested buntentions to weave into your daily routine.

While these are not tarot cards or oracle cards, we believe the guidance of each card has the magic to bring a little extra hoppiness to your well being.

A Crescent Moon Labradorite Stone is included with each deck. Labradorite is a feldspar mineral. It is known for supporting imagination and calming the mind.

# ABOUT THE BUNS

Each deck includes 33 diverse house rabbits from all hops of life. There are thousands of house rabbits in the world deserving of love that have so much to give. This includes bunderful black bunnies, ruby eyed white bunnies, bunnies that have impaired vision, less than 4 legs, and other physical traumas likely due to unfortunate circumstances sometimes including human neglect.

The wisdom shared from each house rabbit proves that all beings are sacred despite any physical differences. We are all made of the same stars and just like any other animal, house rabbits are worthy of our respect.

All bunny illustrations were lovingly created by our favorite indie artist, and fellow self proclaimed crazy bunny lady, [Scribble Bunniie](#).
